Excelsior Academy opened in brand new purpose built accommodation in September 2008. Our building, resources and facilities are outstanding.

With a capacity for 1,800 11-18 students, Excelsior Academy's organization is based on a 'schools within a school' model, operating four 11- 16 and one 16+ Schools. Each of the four 11-16 schools has a high level of autonomy with its own School Principal, staff and pupils, buildings and resources, providing s education for 375 pupils. The fifth school is Excelsior College which provides a wide range of academic and vocational courses for three hundred 16+ students. Each of the four 11 -16 schools has a non-teaching pupil welfare and support team with dedicated staff for pupil behaviour management and attendance.

The successful candidates will join the team of one of our 11 – 16 schools, where they will work with other curriculum support workers, teachers and the school's welfare support team to support the learning of its pupils and raise standards. If you are prepared for an exciting and rewarding challenge, are committed to inspiring and enthusing young people, are committed to raising standards for pupils of all abilities between the ages of 11 – 18, are excited by the possibility of working in an education environment that enables and encourages you to think creatively and the freedom to “think outside the box” you might be interested in a post at Excelsior Academy.

Further details about the Academy and its progress to date can be found on the Academy website at www.excelsiornewcastle.org.uk
