Dear Applicant

## **Curriculum Support Worker General**

Thank you for your enquiry about the above post.

Excelsior opened in brand new purpose built accommodation in September 2008. Our building, facilities and resources in all areas are outstanding.

The Academy has been designed and developed through a 'Schools within School' model. There are four 11 – 16 schools and a 16 – 18 school. Each of the four 11 – 16 schools has a highly autonomous Principal who is directly accountable to the Academy's Executive Principal. Each school has its own pupil welfare development support structure and team of non teacher staff with a Welfare Development Manager as part of the Strategic Management Team for the school. This means that teachers and curriculum development leaders have the support they need to focus on teaching and learning.

The Academy's overall specialism is Business Enterprise and the theme of entrepreneurship will be prevalent throughout our curriculum. In addition each of the four schools has a specialist focus:

- Business and Economics
- Health Related Studies
- Creative and Performing Arts
- Design, Construction and The Environment
